Dear Nancy Lake State Recreation Area Boat Storage Owners:

This letter is to inform you of recent changes to the fee structure for Special Use Permits and how it may affect your future use within the Nancy lake State Recreation Area (NLSRA) and Willow Creek State Recreation Area (WCSRA). As the new fees have taken effect, the management of the Mat-Su/Copper Basin Region has determined that the following waivers will be temporarily established for a transition period ending on July 1 2019.

- **Application Fees:** The Non-Refundable Permit application fees will be waived until 7/1/19, after that if the current permit is renewed prior to its expiration, it will be \$50. If the permit is renewed after the expiration date, the \$100 non-refundable fee will be collected. Additional fees apply.
- **Per Boat Fees:** Fees have been increased. At the time of renewal, there will be a \$100 per boat per year fee applied, in addition to your non-refundable application fee.
- **Expired property impoundment:** Property that is currently being stored will be allowed to remain at the current location, **IF** said property has a permit expiring no later than 6/15/18. Property currently stored that has expired before 6/15/18 will be impounded.

Please see below for the official Director's Order and the sections that pertain to NLSRA and WCSRA.

**Director's Order number 296
